Subject: Case # 99-41879 Paniouchkine, Vladimir &

Message:

This letter is to object to the request of the bankruptcy trustee claiming that my claim should not be considered a priority. I was hired by a representative of the company to deliver freight. It was mutually agreed that I would be paid in full when the job was done. The job was completed without dispute and I sent the billing in a timely manner. The company received payment for the delivered freight from the shipper and they did not pay me the portion I was entitled to. Therefore I believe I have the same priority claim as an employee of the company and that I should be paid in full as soon as possible.

Fred Davis
